Authorized to work in the U.S. for any employer | Open to relocation

PROFESSIONAL SUMMARY

CAD Drafter and 3D/2D Visualization Designer with hands-on experience in architectural drafting, construction documentation, and photorealistic rendering for residential and commercial building projects. Proficient in AutoCAD and Revit for technical drawings, floor plans, sections, and construction documents, and in 3ds Max, Cinema 4D, V-Ray, Lumion, SketchUp, and Twinmotion for 3D modeling, architectural visualization, and design presentations. Skilled at reading and interpreting blueprints and specifications, coordinating with architects, engineers, and contractors, conducting site surveys, and ensuring drawings comply with building codes and project requirements. Recently completed IT fundamentals training (Operating Systems Basics, Computer Hardware Basics) through Per Scholas New York, reflecting an ongoing commitment to expanding technical skills. Fluent in English, French, and Arabic, with conversational Tamazight; authorized to work in the U.S. for any employer.

CORE SKILLS

CAD & BIM: AutoCAD, Revit, Civil 3D, ArchiCAD, CAD, Autodesk Inventor, SolidWorks, Drafting, Construction, Civil Engineering, Interior Design, Mechanical Design

3D Visualization & Rendering: 3ds Max, Cinema 4D, Blender, V-Ray, Lumion, Artlantis, Twinmotion, SketchUp, 3D Animation

Design & Media Software: Adobe Creative Suite (Photoshop, Illustrator, InDesign, Premiere Pro, After Effects), Graphic Design, Illustration, Motion Graphics, Video Editing, Video Production, Filming, Photography, Web Design, User Experience (UX)

IT & General Skills: Microsoft Office, Computer Skills, Communication Skills, Sales

Languages: English (Fluent), French (Fluent), Arabic (Fluent), Tamazight (Conversational)

DESIGN & DRAFTING EXPERIENCE

Freelance 3D & 2D Designer | *Cadori Home / Luxurious — Tanger, Morocco*

January 2022 - February 2023

- Managed drafting and 3D visualization for residential and commercial interior design projects
- Worked directly with clients to translate design requirements into technical drawings and renderings
- Produced detailed 3D renderings and client presentations used to support project approvals
- Delivered revisions and ongoing design support to meet project deadlines

Freelance 3D & 2D Designer | *International Company MAVOR — Morocco*

July 2020 - January 2023

- Built 3D models and visualizations for architectural and product design projects
- Developed marketing materials supporting product visibility
- Maintained brand consistency across deliverables in collaboration with the marketing team
- Contributed design concepts through cross-functional brainstorming sessions

3D & 2D Designer / Drafter | *Agency of Architecture - My Abdelaziz El Harrane — Midelt, Morocco*

September 2021 - November 2022

- Designed interior and exterior layouts for residential and commercial buildings
- Produced architectural drawings and floor plans in AutoCAD and Revit aligned with project specifications
- Conducted site visits to verify conditions and optimize space planning
- Collaborated with architects and clients to align design concepts with project objectives

3D & 2D Designer / Drafter | *Agency of Architecture "El Fallah" — Rabat, Morocco*

August 2020 - November 2020

- Assisted in developing architectural plans, sections, and details for residential and commercial projects
- Prepared construction documents and specifications in compliance with building codes
- Used AutoCAD, Revit, Cinema 4D, V-Ray, and Lumion to produce detailed drawings for stakeholder review
- Coordinated with engineers and contractors on project execution

3D & 2D Designer / Drafter | *Agency of Architecture "Archicreations" — Rabat, Morocco*

February 2016 - June 2020

- Assisted in developing architectural plans, sections, and details for residential and commercial projects
- Prepared comprehensive construction documents ensuring accuracy and code compliance
- Used AutoCAD, Revit, Cinema 4D, V-Ray, and Lumion to produce precise, detailed drawings
- Collaborated with engineers and contractors to ensure timely, coordinated project completion

3D & 2D Designer / Drafter | *Office of Legal Expert Architect Jamal Chichaoui — Rabat, Morocco*

January 2015 - February 2016

- Provided technical drafting support for structural design documentation
- Conducted site surveys and measurements to document existing conditions accurately
- Produced detailed drawings and 3D models in line with project standards and guidelines

3D & 2D Designer / Drafter | *Agency of Architecture "Ebconcept" — Rabat, Morocco*

July 2014 - January 2015

- Contributed to design and drafting of residential and commercial construction documentation
- Prepared architectural drawings ensuring compliance with regulatory requirements
- Participated in client meetings supporting successful project outcomes

ADDITIONAL EXPERIENCE

Fire Watch Guard | *Security USA Inc. — New York, NY*

November 2023 - March 2025

Crew Member / Cashier | *Burger King — New York, NY*

March 2023 - October 2023

EDUCATION

Technician Diploma, Building Design

Specialized Institute of Applied Technology — Khenifra, Morocco

September 2012 - July 2014

Technician Specialized Diploma, Structural Works

Specialized Institute of Applied Technology — Khenifra, Morocco

September 2010 - July 2012

CERTIFICATIONS & LICENSES

Operating Systems Basics

Per Scholas, New York, NY — May 2026

Computer Hardware Basics

Per Scholas, New York, NY — May 2026

3D Studio Max Certification

Zerrouki Institute of Business Studies and Computer Science, Rabat — 2015

CAD Certification

Security Guard Officer

Fire Guard For Shelters F02

Driver's License
